TERMS OF SALE
(see inside cover)

This is Our Wholesale Trade Catalogue

—and is intended only for those engaged in the commercial growing or selling of bulbous stocks. We do not issue a retail catalog nor do a retail business. This issue (Sept. 1, 1929) cancels all prior quotations.

Why We Can Serve You to Better Advantage

QUALITY

Primarily we are bulb growers and it is our policy and desire to actually produce, to the greatest possible extent, all of the bulbs we sell. It is reasonable to believe that we can thus regulate a more consistent supply of uniform high quality bulbs than it is possible to obtain if we had to depend upon other suppliers.

PRICE

We handle more than ten percent of all the bulbous stocks that are either being grown or imported into this country and this large volume, coupled with the facts that most of the stocks are of our own growing, enables us to make our prices most reasonable.

SERVICE

By far the larger part of our business is made up of orders booked in advance of the shipping season and these early orders are usually shipped direct from our growing stations. We will have in stock at our New York warehouse, however, liberal supplies of all the stocks shown in this catalogue for prompt shipment as the various items are ready. We advise early orders as we are not in a position to replenish our supplies throughout the season.

CULTURAL SUGGESTIONS

We are anxious at all times to give our customers the benefit of such knowledge as we have acquired pertaining to the growing or care of any bulbous subjects. On the next page we give a few hints which will be of assistance to newcomers in the business and we want all of you to feel free to call upon us for special information at any time.

THANK YOU

We thank those of you who have favored us with orders in the past and we look forward to a continuance of your patronage. If you have not bought of us in the past we solicit your account with the assurance that we will do everything in our power to serve you to your entire satisfaction.

1929 Bulb Crop

SINCE time memorial those dependent upon the soil for a livelihood have contrived to safeguard their crops by protecting against those extreme weather conditions which sooner or later visit every section.

The Dutch Bulb Growers have a very enviable record over a long period for dependable performance. Their artificially maintained water level has eliminated the old worry of too much or too little rain and the growers have taken every precaution to guard against abnormal weather conditions. They were, however, unprepared for the most unusual cold weather that was experienced all over Europe last winter. In many sections it was colder than it had been in over one hundred years. Much stock was frozen and the resulting short supply has necessitated higher prices.

Of the items which are allowed entry into this country, Crocus have possibly suffered the greatest damage; but Tulips have also encountered severe losses. Many of the most popular varieties were the hardest hit. We are afraid that there will be many disappointing deliveries, and buyers should carefully inquire into the supplier's ability to deliver before making commitments.

In southern Europe the severe losses first reported did not materialize and there seem to be enough bulbs in most lines to supply the demand.

Elsewhere nearly normal conditions prevail although the supply of some Japanese Lilies is below normal.

ASK FOR THESE FREE DISPLAY CARDS

For florists who cater to counter trade in Fall bulbs, we offer free with every order attractive lithographed display cards, showing many varieties of Hyacinths, Tulips, Daffodils, Narcissus, Crocus, Lilies, Peonies, etc., in their natural colors.

We have also window banners and streamers.

Ask for these if you want them. They will be a great help selling bulbs over the counter.

LIBERAL TERMS TO RESPONSIBLE PARTIES

(We have revised the text of our terms and ask all customers, both old and new, to read it):—

Our regular terms of sale are as follows: 5% off for cash with order, 2% off for cash within 10 days: final payment to be made within 60 days. These terms still apply in all sales to customers who in turn resell the bulbs.

To the grower and florist, however, we have inaugurated the "GROWERS' TERMS" of sale. They are as follows: invoices for bulbs are payable from responsible florists and growers 10 days after the normal flowering period of the particular bulbs sold, with final payment on late bulbs due 10 days after Easter. We, in this way, endeavor to assist the florist and grower during the period that the stocks are in growth.

WHAT WE GUARANTEE. We guarantee that all bulbs leave our farms and warehouses in good condition, packed in boxes or packages substantially secure and sufficiently strong

to insure delivery in good condition with reasonable handling. The risk of transportation is one which the customer must absorb.

WHAT WE DO NOT GUARANTEE. We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants we send out, nor will we be in any way responsible for the crop. If the customer does not accept the bulbs, roots or seeds under these conditions, they must at once be returned to us and any money paid will be promptly refunded.

Positively no claims allowed unless made within five days after the receipt of merchandise.

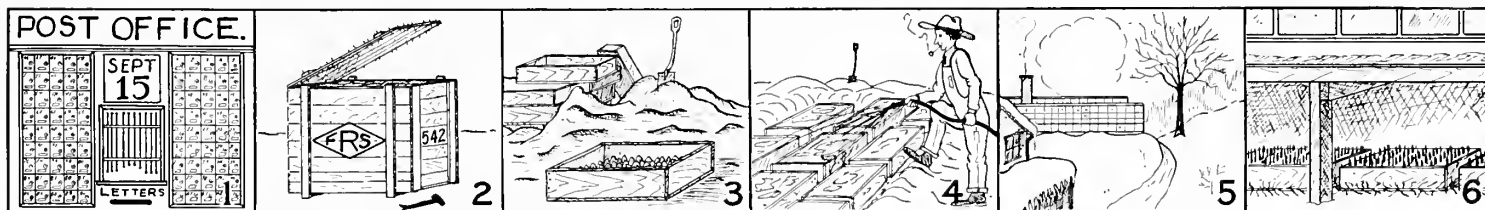

ALL PRICES CONTINGENT UPON MAINTENANCE OF PRESENT TARIFF SCHEDULE AND SUBJECT TO ANY CHANGES MADE THEREIN UP TO AND INCLUDING TIME OF DELIVERY.

Simple Instructions For Bulb Forcing

- 1—Order your bulbs early. For best forcing results good root action is essential and this can only be accomplished if the bulbs are planted on time.
- 2—Unpack the bulbs as soon as received. If they are not to be planted immediately they should be taken out of the bags and stored in shallow trays in a cool well aired location. This is more important than is generally believed for much damage can result to the bulbs by a prolonged stay in the shipping containers.
- 3—Do not use the very shallow flats. We recommend four inches minimum inside depth.
- 4—Give the flats a moderate watering only and bury them in deep trenches and cover thoroughly.
- 5—Don't be tempted to bring them into heat too soon. This is the cause of most of the failures.
- 6—Examine the bulbs carefully to see that they have established good root systems before bringing them into the heat. Also be sure that the variety you are handling is adapted for forcing at that particular time. Be careful of bottom heat for many bulbs are spoiled by immediate, close contact with hot pipes. Place under the benches until top growth develops a few inches. A gradual increase in temperature is better than placing the bulbs immediately into a high heat.

The "spotting" of Tulip Flowers, which yearly is a source of much grief to many Tulip forcers, is usually attributable to improper atmospheric conditions, and these can be corrected to a great extent by exercising care in watering. Our suggestion is that the watering be done in the morning. The buds and opening flowers should never be sprayed until there is sufficient sun heat or air circulation to permit of quick drying.

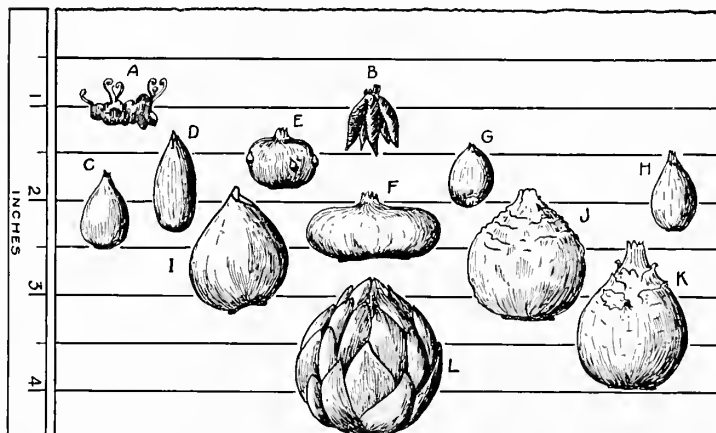

When Planting Bulbs OUTDOORS

Outdoor planting should also be done as early as possible so that the bulbs can develop a good root growth before the cold weather sets in. The soil must be thoroughly spaded to a depth of at least twelve inches and a good application of rotted manure or bone meal incorporated at the time. Remove a layer of the soil of the same depth as the final cover, level the surface, then set the bulbs upright in the arrangement as desired and then replace the cover. A mulching of leaves, rotted manure, peat moss or similar subjects is always helpful and is necessary in colder regions.

The table below shows the number of bulbs required for the planting of circular beds of the sizes as given. For oval beds the average diameter can be obtained by adding the greatest length and width and then splitting it.

Diameter of Bed	Number of Bulbs Needed When Spaced			
	3"	4"	6"	8"
2 feet	61	37	19	
3 "	127	95	37

"World's Foremost Bulb Growers"

"From Florida to The Florist"

A BUMPER CROP JUST HARVESTED
Of The Finest Bulbs We Have Ever Raised

Paper White Grandiflora

"The finest example of commercial bulb production in America" is what experienced men unite in telling us after seeing our bulb farms at Jacksonville, Fla.

And a view of the crop we have harvested this summer would convince the most skeptical that our location, equipment, methods of growing and handling all combine to give us a product the like of which is not available elsewhere in this country.

NARCISSUS

Our Florida grown Paperwhites are now generally known throughout the country and their record of performance speaks louder than any boost we can give them here. We usually receive sufficient unsolicited business from old customers to take care of our normal crop and prior to the actual harvest, we made no attempt to push sales. But the crop is a large one—much better than we had ever expected—and so we find ourselves able to take care of more orders for a complete range of sizes.

You may beat PRICE but you
can't beat QUALITY—read this

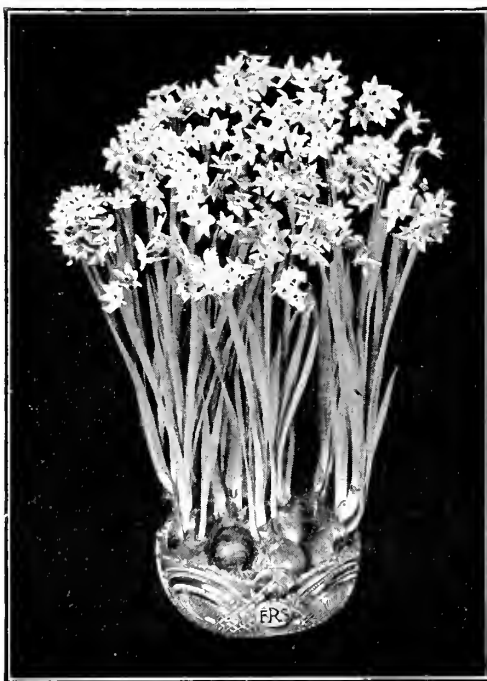

"Philadelphia, Pa.,
June 6, 1928.

Gentlemen:
Will you please ship our Narcissus bulbs this year to reach us after September 1st.

We want to congratulate you on your American grown Paperwhites. You will remember we gave our order last year with many doubts as to whether they would answer our purpose. This year we are increasing our order with no misgivings whatever.

Very truly yours,

THE LONDON FLOWER SHOP
W. B. Taber, Treas."

Narcissus—PAPER WHITE GRANDIFLORA
Showing a made-up bowl growing in water

Under the supervision of men with life long training in bulb growing, we are growing what is undoubtedly the greatest commercial collection of sub-tropical bulbs ever assembled at one location. Many of the items are already well known while other very beautiful and useful things have never before been available in sufficient quantity to permit of general distribution. We invite your attention to some of these items as offered on these pages and elsewhere in the catalog, and if you get to Jacksonville consider this as an invitation to visit our farms there and see for yourself what we are doing.

PAPER WHITES

PRICES FOR 1929

Packed in standard size cases of the same style formerly imported from France.

	Per 100	Per 1000
12 Ctm. packed 1250 to case...	\$4.25	\$35.00
13 Ctm. packed 1250 to case.....	5.00	42.50
14 Ctm. packed 1000 to case.....	5.75	47.50
15 Ctm. packed 800 to case.....	6.50	55.00

NOTE: These prices are f.o.b. Jacksonville, Fla., but we expect to have a supply available at our warehouse in New York and to shipments made from here the extra freight will be added. Please state your choice of shipping points.

In addition to the Paper White Narcissus shown here, we offer on the next page Chinese Sacred Lilies, Soleil d'Or, and other varieties of tender narcissus all of which are good for forcing or for house culture and are all easily flowered in bowls with water and pebbles or fibre.

On the inside back cover we list a line of bulb bowls and accessories and these items will aid your sales and help your customers.

F. Rynveld and Sons, 350 Greenwich Street, New York

Other Florida-grown NARCISSUS

In order to acquaint our customers with the beauty of some of the other Polyanthus varieties, we are reproducing herewith our artist's painting showing five of these varieties, made from the actual flowers.

Gloriosa

CHINESE SACRED LILY

(Narc. Tazetta Orientalis)

The bulbs we are producing in Florida are much finer than ever came from China. They do not have that crab-like appearance of the imported stock but are more solid and flower more readily.

We have advocated their use by Florists, for we are sure that the flowers will find a ready market. They are also very popular for house culture.

First Size Bulbs	100 \$8.00; 1,000 \$75.00
Mammoth Bulbs	100 9.00; 1,000 85.00

*Paperwhite
Grandiflora*

SOLEIL D'OR

(Yellow Paper White)

Pure golden yellow. We have the largest block of these ever assembled at one place, and our Florida bulbs give excellent results. Can be bloomed just as easily as Paperwhites and no trouble is experienced in getting them into flower for the Xmas holidays.

	100	1000
13 Ctm.	\$ 8.00	\$75.00
14 Ctm.	9.00	85.00
15 Ctm.	10.00	95.00

Soleil d'Or

DOUBLE ROMAN

"Constantinople"

This is possibly the most fragrant of all Narcissus. Large, full double flowers produced in clusters. Easily forced or grown in the home.

Per 100, \$6.00; per 1,000, \$55.00.

White Pearl

GLORIOSA

Cream yellow with darker yellow eye. Popular with Florists. Flowers very early and has good substance.

Per 100, \$6.50; per 1,000, \$60.00.

GRAND MONARCH

This is one of the sturdiest of the polyanthus Narcissus. Produces large clusters of cream-white flowers with canary yellow centers on very stocky stems. Is not early but a splendid variety for flowering from February first and later.

Per 100, \$6.50; per 1,000, \$60.00.

Grand Monarch

WHITE PEARL

This is a pale creamy-white variety which, on account of its long keeping qualities, promises to be very valuable for dry bulb sales extending into the early spring months after Paperwhites are finished. It produces a large cluster of flowers with much substance and is very floriferous.

Per 100, \$5.00; per 1,000, \$45.00.

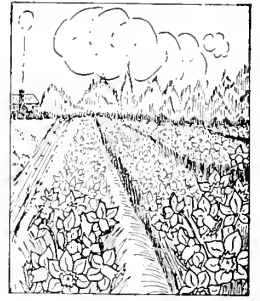

"World's Foremost Bulb Growers"

We are supplying *America's leading Florists with*
AMERICAN GROWN NARCISSUS
(DAFFODILS)

GOLDEN SPUR

The Finest and Largest Block on the Pacific Coast
Grown Under Contract Especially For Us

When growing experience demonstrated rather conclusively that satisfactory bulbs of Golden Spur could not be produced successfully in the eastern bulb fields, it looked as though American greenhouse men were to be permanently deprived of this most popular forcing variety; but fortunately a small section has been found that grows them splendidly. And fortunately for us and our customers we were able to effect arrangements that gives us control of the whole stock. Last season we distributed good lots to a few of our customers, and without exception the forcing results were excellent.

PRICES:—F. O. B. New York.

	Per 100	Per 1,000
Large Double Nose Bulbs	\$10.00	\$90.00
Large Single Nose Bulbs	7.50	65.00

Actual Evidence of the Forcing
Quality of these Bulbs:—

"THE BRIGHTON NURSERIES, LINWOOD, N. J.

May 31, 1929.

F. Rynveld & Sons, 350 Greenwich St., New York

Dear Sirs:—We want to compliment you on the crop of Golden Spur Narcissus shipped to us last fall. They flowered earlier and produced more flowers per bulb than any stock we have ever handled.

The bulbs were received by us early in October and were potted up immediately and plunged outdoors. They were taken into the greenhouse December 20th in a temperature of 50 degrees, shifting within a week's time to a temperature of 65 degrees, and we cut the first flowers January 15th.

The bulbs produced an average of three flowers per bulb, and it is needless to say that with this large percentage of flowers blooming at the early date, we were able to obtain an excellent return.

Yours Sincerely, BRIGHTON NURSERIES."

DO YOU KNOW?

—that we handle about 25% of all the Narcissus produced in this country? And that practically all are grown on our own farm?

Isn't it reasonable to believe that the intimate knowledge thus gained in the production of these bulbs puts us in a position to serve you to better advantage?

F. Rynveld and Sons, 350 Greenwich Street, New York

Hardy Narcissus (Daffodils)

WITH our increased acreage on Long Island, we are able to make a more general offer of American grown Daffodils than has been possible heretofore. We invite your attention to the large block of Golden Spur offered on the next page. The extreme earliness of this stock and the large flowering percentage makes it very attractive.

We are keen observers of the forcing quality of all the varieties we advocate for this purpose and the way that our bulbs are performing leaves no doubt as to their value.

We have an extra fine stock of King Alfred, which is the peer of them all, and in considering the price of this variety, it should be borne in mind that the flowering percentage of the bulbs we offer is greater than with the bulbs formerly imported.

A shortage of the Bicolors still exists; but there are enough other varieties available to produce a succession of blooms throughout the season in a good representation of all the types.

All of these Hardy Narcissus are quoted F.O.B. Yaphank, Long Island, with the usual extra charge for containers.

Classification of Narcissus Types

A brief explanation of the leading types is shown below!

AJAX, large trumpets.

BARRI, short cup, usually not over 1/3 the length of the perianth (petals).

INCOMPARABILIS, medium length cups, sometimes 3/4 of the length of the perianth.

LEEDSII, medium length cups of white or cream with white perianth.

POETAZ, flowers in clusters—see photo on page eight.

POETICUS, pure white perianth, short cups with rim of orange or scarlet.

JONQUILS, small flowers in clusters. Very sweet scented.

NOTE—Large trumpet Daffodils are erroneously called Jonquils in some sections of the country.

General List of Hardy NARCISSUS (Daffodils)

	Doz.	100	1000
Albatross (Barri), large white perianth with lemon-yellow cup	\$1.20	\$8.40	\$70.00
Autocrat (incomparabilis), dainty, solid yellow of good form	1.50	10.20	85.00
Aspasia (poetaz), white with yellow eye—very vigorous grower	1.00	7.15	60.00
BARRI CONSPICUUS (Barri), yellow perianth, short yellow cup with orange-scarlet edge. Very free flowering and good for cutting and naturalizing90	6.00	50.00
Bernardino (incomparabilis), a splendid flower of perfect form and noble stature; cream perianth with frilled apricot-orange cup	1.95	13.20	110.00
Blood Orange (Barri), lemon yellow perianth, deep orange cup90	6.00	50.00
CHEERFULNESS (Poetaz), this is one of the finest of the new double Poetaz. A combination of cream and orange colors. Very good novelty and perfectly hardy	4.40	30.00	250.00
CLEOPATRA (Ajax), a very striking variety among the new trumpets. Very sturdy and of great substance. Perianth and trumpet deep yellow	2.45	16.80	140.00
C. J. Backhouse (incomparabilis), yellow perianth, orange-scarlet cup	1.40	9.60	80.00
ELVIRA (poetaz), pure white, orange-yellow eye	1.20	8.40	70.00

We Had To Be Shown—so we took our own bulbs and forced them in our own greenhouse and the photograph shows the result. This pot of King Alfred, containing 7 bulbs, had 26 flowers. Nearly 4 flowers to each bulb!

	Doz.	100	1000
EMPEROR (ajax), large, golden-yellow trumpet, deep primrose perianth. The most popular general purpose Daffodil. Fine for midseason forcing and one of the best for outside. Is free flowering and likely will be produced most extensively in this country.			
Mother Bulbs	1.50	10.20	85.00
Round Bulbs	1.20	8.40	70.00

"World's Foremost Bulb Growers"

American Grown Narcissus

CONTINUED

EMPRESS (ajax), Bicolor, pure white perianth, deep yellow trumpet. Has been generally dropped in favor of Victoria for forcing but is still popular for outdoors.

Mother Bulbs	\$1.50	\$10.20	\$85.00
Round Bulbs	1.20	8.40	70.00

EVANGELINE (Leedsii), pure white perianth soft lemon cup

	Doz.	100	1000
	.90	6.00	50.00

Fairy Queen (Leedsii), perianth pure white with creamy white cup

1.10	7.80	65.00
------	------	-------

FIREBRAND (Barri), creamy white perianth with intense fiery red cup

1.00	7.15	60.00
------	------	-------

Glory of Sassenheim, (ajax) bicolor, white perianth, golden yellow trumpet. Large flower of much substance

1.55	10.80	90.00
------	-------	-------

GOLDEN SPUR (ajax), uniform deep golden-yellow. The most popular early forcing variety among trumpet daffodils.

Double nose bulbs	1.55	10.80	90.00
-------------------	------	-------	-------

Round bulbs	1.20	8.40	70.00
-------------	------	------	-------

HOMESPUN (Incomparabilis), perfectly shaped flower of beautiful primrose yellow. Very fine

1.55	10.80	90.00
------	-------	-------

HORACE (Poeticus), large snow white perianth with dark red cup. One of the best Poeticus types.

1.50	10.20	85.00
------	-------	-------

KING ALFRED (ajax). Like a thoroughbred racehorse, King Alfred stands out as a thing of graceful, sleek, glistening beauty in contrast with many over-rated members of its kin of larger but awkward, unbalanced form. Its trumpet and perianth are beautifully proportioned, of a uniform clear golden yellow, held on a sturdy tall stem. It is the peer of forcing daffodils, whether as a house plant or for cutting, and its garden qualities are equally proven and established for 35 years. Our stock is clean, healthy and true; no finer bulbs are being produced than what we are harvesting on our Long Island farm this year.

	Doz.	100	1000
Mother bulbs	\$2.45	\$16.80	\$140.00
Round bulbs	1.95	13.20	110.00

LAURENS KOSTER (poetaz), pure white with beautiful orange cup. Large clusters

1.20	8.40	70.00
------	------	-------

Lucifer (incomparabilis), large sulphur-white perianth; yellow cup with orange-red edge

1.00	7.15	60.00
------	------	-------

MRS. LANGTRY (Leedsii), sulphur white, changing to almost pure white, splendid for cutting and naturalizing

.90	6.00	50.00
-----	------	-------

ORANGE CUP (Poetaz), this is a beautiful variety. It has a yellow perianth and an orange cup with a handsome frilled effect

Doz.	100	1000
------	-----	------

1.65	11.40	95.00
------	-------	-------

ORNATUS (Poeticus), pure white perianth; orange cup. The best known and most popular of this class

.95	6.60	55.00
-----	------	-------

Pheasant's Eye (poeticus), the common Poeticus. White perianth with scarlet cup. Very late

.75	5.40	45.00
-----	------	-------

PRINCEPS MAXIMUS (ajax), primrose perianth with yellow trumpet. Early variety and good forcer. Double nose

1.10	7.80	65.00
------	------	-------

QUEEN OF THE NORTH (Leedsii), large flower with broad white perianth and lemon cup, prettily fluted

1.40	9.60	80.00
------	------	-------

Red Beacon (Barri), perianth white; cup bright orange-red

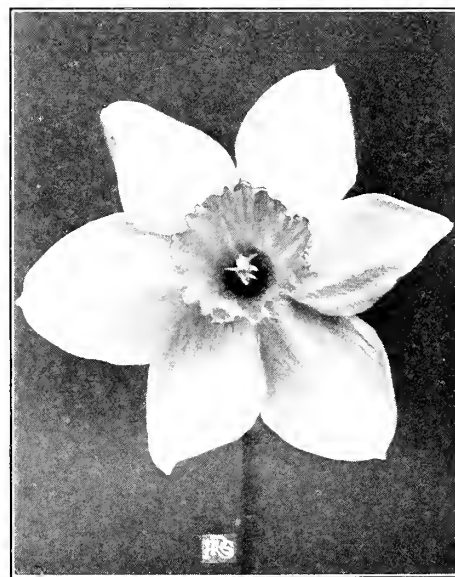

3.15	21.60	180.00
------	-------	--------

Seagull (Barri), broad, white perianth; yellow cup with apricot edge

1.40	9.60	80.00
------	------	-------

SIR WATKIN (incomp.), on our own farms on Long Island we have the largest plantings of Daffodils in the state, and there is every promise of harvesting an excellent crop. We are making a special offer at this time of "Sir Watkin," which is one of the leading commercial kinds and the easiest one to handle for either forcing or outside planting.

1.30	9.00	75.00

Doz., \$1.50; 100, \$10.20; 1,000, \$85.00.

New Narcissus DOUBLE PERFECTION

This is the true double Emperor and has all of the latter's very fine characteristics. It retains its color under all climatical conditions and promises to be the real double Daffodil of the future. Flowers are very large and the double center is clearly defined as shown in the accompanying photograph. It makes a large bulb and is free flowering and can be forced and handled the same way as Emperor.

Doz., \$5.25; 100, \$36.00; 1,000, \$300.00.

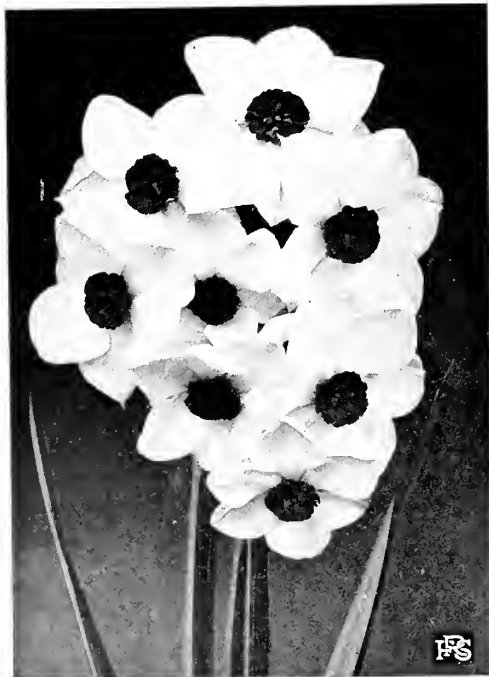

TRUE JONQUILS

Jonquils can be distinguished by their round, onion-like foliage. The varieties offered below all have more than one flower on each stalk and are very sweet scented.

GIANT FLOWERING HYBRID AMARYLLIS (*Hippeastrum*)

A re-selected strain of the very largest flowered sorts, ranging in color from almost pure white, through various shades of pink, to the deepest scarlet, some with beautiful markings and mottled throats.

An easily-grown plant of wondrous beauty; a quick seller to those who love an unusual and attractive pot plant for the living room or sun parlor. Makes a charming and lasting cut flower.

2 to 3 in. bulbs, per doz., \$4.00; per 100, \$30.00; per 1,000, \$250.00.

3 to 4 in. bulbs, per doz., \$7.00; per 100, \$50.00; per 1,000, \$450.00.

CHOICE HYBRIDS

Field-selected in distinct colors.

White or very Light Pink	} Per Bulb 75c.
Deep Pink and Rose	
Red, solid colors with few, if any, markings	

AMARYLLIS JOHNSONI

The old favorite free flowering variety. Crimson with white stripe. Naturalizes readily in the South.

Doz., \$3.00; 100, \$20.00; 1,000, \$175.00.

AMARYLLIS EQUESTRE

A free flowering flame red variety that is much admired by all. Makes a fine pot plant and is very valuable for outside planting in the South, where it propagates freely.

Per doz., \$1.50; per 100, \$10.00; per 1,000, \$85.00.

AMARYLLIS BELLADONNA

One of the best of "cool house" flowering bulbs. Large trumpet-shaped flowers of a pale china pink. We can make immediate delivery of these bulbs, as they require to be potted early for best results.

Per 100, \$17.50; per 1,000, \$150.00.

AMARYLLIS FORMOSISSIMA (Sprekelia-Jacobeana Lily)

Brilliant crimson flowers, closely allied to the true Amaryllis; remarkable for its brilliancy and peculiar form, the upper petals ascending, while the lower ones enclose the stamens.

Per doz., \$3.00; per 100, \$20.00.

VALLOTA PURPUREA (Scarboro Lily)

A most valuable Autumn-flowering cool greenhouse plant, producing on stout stems umbels of 5 or more large brilliant scarlet flowers which open in succession, thus remaining decorative a long time. It may be planted out of doors in May, and when in bud potted up for greenhouse or sitting-room decoration.

Per doz., \$10.00; per 100, \$60.00.

AMARYLLIS CULTURE

Amaryllis Bulbs are ready for delivery early in November but we do not recommend planting them until the latter part of January when the new flower buds will be showing. Plant in five or six inch pots and water sparingly until root growth develops. After flowering the bulbs maintain active growth and about the middle of October watering must cease and the bulbs dried off by laying the pots on their sides under a greenhouse bench or in a dry cellar. Early in February the bulbs will show new flower stems and the pots should then be watered and brought into the light.

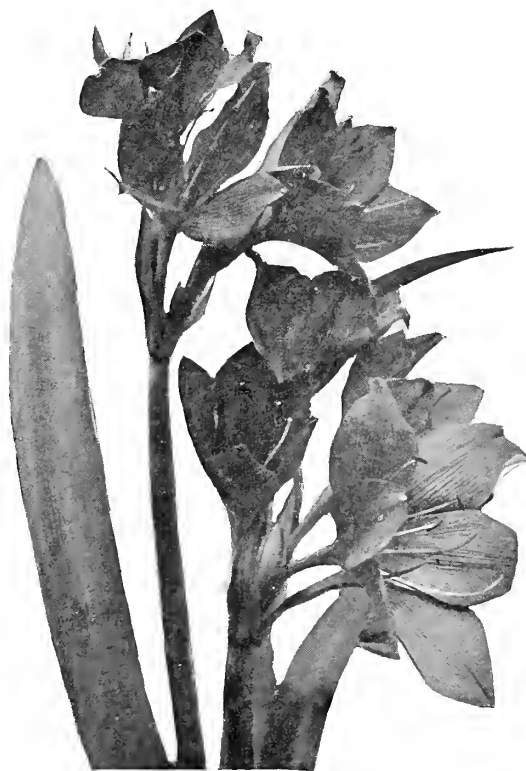

West Springfield, Mass.

March 30, 1929.

Gentlemen:
"A short time ago I obtained from you a small lot of Amaryllis, and I want you to know that they are the finest lot of Amaryllis I have ever seen; will obtain 90% bloom from them. You have my permission to use this letter as a testimonial, and if I were to write it again, I would show even more enthusiasm."

Yours very truly,

Fred. D. Butler.

VALLOTA PURPUREA

"World's Foremost Bulb Growers"

Single Early Tulips

	Doz.	100	1000
Cottage Maid , bright pink. Good for late forcing and bedding.....	\$.55	\$4.00	\$33.00

* Cramoisie Brilliant , glowing scarlet. A staple forcing variety and a splendid bedder.....	.40	2.75	23.00
Crimson King , crimson, with reflexed petals. Fine bedder.....	.40	2.90	24.00
Cullinan , delicate rose with lighter center.....	.65	4.40	37.00
* Duc de Berlin , bright red with golden yellow border. Keeps well.....	.65	4.40	37.00
Duchesse de Parma , orange-red, margined deep yellow. Tall, strong stems make this a good bedding kind.....	.70	4.80	40.00
Dusart , large carmine-scarlet. Fine for bedding.....	.50	3.60	30.00
* FLAMINGO , white, flaked bright carmine rose. One of the most popular early forcing varieties.....	.60	4.10	34.00
* FRED MOORE , beautiful orange color. Tall stems and good early forcer.....	.55	3.90	32.00
Gen de Wet , beautiful orange yellow with same forcing qualities as Prince of Austria.....	1.55	10.80	90.00
* Gold Finch , sweet scented pure yellow. Splendid for early forcing.....	.65	4.70	39.00
* Herman Schlegel (Primrose Queen). Soft primrose and the finest of this color. Very good forcer and bedder.....	.50	3.50	29.00
* IBIS , bright carmine pink with lighter stripes. This tulip is now one of the most popular for both cutting and pan work.....	.65	4.55	38.00
Joost van Vondel , deep cherry-red, feathered white.....	.55	3.70	31.00
* KEIZERSKROON . This is one of the grandest of all tulips. Striking color combination of red and yellow. Fine for bedding and beautiful when forced.....	.95	6.60	55.00
* KING OF THE YELLOWS . This is a Tulip that we have been boosting for several years and Florists are now beginning to appreciate its value. It is one of the surest and earliest of the whole group. Clear yellow and large flowers on long stems. We highly recommend it.....	.70	5.05	42.00
* Lady Boreel , (Joost van Vondel, white), the largest of the pure white early tulips. A splendid early forcer.....	.55	3.70	31.00
* LA REINE , white, with slight rose shading. Formerly used very extensively for early forcing.....	.45	3.10	26.00
* La Reine Maximus , white with rose edge. An improved and glorified La Reine.....	.55	3.70	31.00
* MON TRESOR , pure golden-yellow. Early and easy forcer, fine for pots.....	.95	6.60	55.00

A FEW years ago when Darwins became so reasonable in price many large users of the Early types eliminated them in favor of the Darwins but they soon ascertained that the Earlies had values which could not altogether be found in the other types and now that the prices are more equalized we expect a revival of interest in this group.

These bulbs have their greatest value when forced early, for it is obvious that they cannot compete favorably when the larger later types come into flower. Some of the varieties are readily bloomed for Xmas and others maintain an unbroken succession through the early Spring months.

Their popularity for outdoor formal bedding is well known, and they continue to be used extensively for this purpose in parks and gardens all over the country. Particular care should be taken in selecting the varieties best adapted to the purpose intended, for many have a beauty or value only when grown under certain conditions.

	Doz.	100	1000
American Lac (Hobbema) (Le Reve), sometimes listed among late tulips. Orange-blossom color and a beautiful globe-shaped flower.....	\$.65	\$4.55	\$38.00
ARTUS , brilliant-scarlet, with clear-yellow center. Splendid for outside but not suitable for forcing.....	.40	2.90	24.00
* Belle Alliance , large sweet-scented, scarlet flower. Fine for bedding and forcing.....	.55	4.00	33.00
Brilliant Star , a beautiful early scarlet tulip with fine forcing qualities.....	.60	4.30	36.00
CHRYSOLOREA , pure golden-yellow. Splendid for bedding.....	.70	4.80	40.00

Single Tulips in Separate Colors , white, red, pink, yellow.....	.40	2.65	22.00

Double Early Tulips

DOUBLE TULIPS are mainly used for pots and pans, and some of the kinds, notably Couronne d'Or and Murillo, are grown in large quantities for cut flowers. While used outdoors to some extent they are not as popular for this purpose as the singles. Good stocks of several fine sports of "Murillo" have been developed the past few years and they promise to become more popular than the parent.

	Doz.	100	1000
*Boule de Neige , creamy-white, peony-like flower. Very large and ideal for pots and pans. Fine for outside.....	\$.60	\$4.20	\$35.00
*COURONNE d'OR , golden-yellow, flushed yellow. One of the most popular forcing double tulips. Equally suitable for cutting or pots.....	.65	4.40	37.00
*Electra , claret red, shaded carmine. Large flowers on long stems.....	.95	6.50	54.00
*El Toreador , reddish-orange with dark yellow border. Good for pots and pans.....	1.10	7.50	62.00
*IMPERATOR RUBRORUM , glowing-scarlet. The most popular double red. Can be forced slowly.....	.65	4.55	38.00
La Candeur , fine white for outside.....	.50	3.50	29.00
*MURILLO , light pink. The most popular double variety.....	.40	2.90	24.00
*MR. VAN DER HOFF , golden-yellow sport of "Murillo," with all of the latter's fine qualities.....	.65	4.55	38.00
*PEACH BLOSSOM , a deep-pink sport of "Murillo." Exceptionally fine and highly recommended.....	.65	4.55	38.00
*RUBRA MAXIMA , deep red. Fine early forcer and good bedder.....	.60	4.20	35.00
*Salvator Rose , deep rose, should be forced very early and for this purpose it is the best.....	.60	4.30	36.00
*SCHOONOORD , snow-white sport of "Murillo." Very good.....	.60	4.20	35.00
*TEAROSE (Saffrano), saffron-yellow sport of "Murillo." Extensively used for pots and pans.....	.50	3.50	29.00
*Tournesol Red and Yellow , scarlet, edged yellow. Large flower.....	.70	4.90	41.00
*VUURBAAK , brilliant-scarlet with orange cast when fully open. Very popular for all purposes.....	.65	4.55	38.00
Superfine Mixture , made up of good named kinds in a well balanced range of colors.....	.45	3.00	25.00
Good Mixture , many varieties of the cheaper kinds.....	.40	2.75	23.00
Double Tulips in Separate Colors , white, red, pink, yellow.....	.45	3.10	26.00

(Varieties marked (*) are best for forcing)

DOUBLE TULIP MURILLO

"World's Foremost Bulb Growers"

Superb Darwin Tulips

OUR LEADING SPECIALTY

Years before Darwin Tulips attained anything like their present popularity we were great boosters for them. We said then as we repeat today, "Darwin Tulips represent the greatest dollar's worth obtainable in any floral subject," and we are vain enough to believe that we have been a big factor in popularizing these bulbs.

This season, on account of the loss through freezing, the bulbs are higher in price. But when flower value is considered they are still the cheapest item in the whole bulb line.

Our yearly importation of Darwin Tulips runs into many millions of bulbs for we handle more than ten per cent of the total quantity that comes into the country and this large business has only been made possible through the delivery of the very finest quality.

"Buy, grow, sell and boost Darwin Tulips" should be your motto. They will bring more satisfied customers than any other subject that you can handle.

(Varieties marked (*) are best for forcing)

(Darwin Tulips continued on next page)

WILLIAM COPELAND

This is the light lav-
ender variety so gen-
erally used for early
forcing. It is the earliest
variety of all and this
quality, combined with
its ease of culture,
makes it one of the most
valuable kinds. It is also
good for outside planting
where it develops a
beautiful pink tinge to
combine with the lav-
ender. Large Bulbs for
forcing.

Doz., 60c; 100, \$4.10;
1000, \$34.00.

"World's Foremost Bulb Growers"

Superb Darwin Tulips—Continued

SUNDEW The New Crested Tulip

This new Tulip has a beautiful two-tone fringed serration around the edges of the petals and is a new feature, probably the most valuable existing among Tulips today. The color is a pleasing cerise red.

Price, each \$1.00; doz., \$9.50; 100, \$65.00.

	Doz.	100	1000
THE BISHOP , pure violet. This is one of the newer creations and a most beautiful variety	\$2.50	\$17.40	\$145.00
THE SULTAN , maroon-black. Good, popular price, dark variety. Medium size flowers	.50	3.35	28.00
TURNER , deep carmine rose, enormous flower, each \$1.25	13.85	95.00	
VALENTIN , heliotrope color. Large, tall flower. Early	.85	5.75	48.00
*VENUS , when this Tulip becomes available in larger quantities at lower prices it will be among the most popular, for it is a real beauty. True glossy rose color. Very large	2.20	15.00	125.00
VICTOIRE D'OLIVIERA , one of the fine new scarlets	.65	4.55	38.00
WEDDING VEIL , silvery-white, flushed lilac	.50	3.60	30.00

	Doz.	100	1000
*WM. COPELAND , lilac-rose. This is the earliest Darwin, being readily forced for the middle of February, and is largely used on this account. Featured on page No. 13	\$.60	\$4.10	\$34.00

WILLIAM PITT

This is the finest of the early red varieties and as such is used most extensively for early forcing. Last year we featured this variety for the first time at a reasonable price and at the lower figure we disposed of large quantities. This year the price is somewhat higher but we recommend it not only as the outstanding early red but as an excellent variety to use throughout the season.

Per doz., 60c; per 100, \$4.10; per 1,000, \$34.00.

	Doz.	100	1000
YELLOW GIANT , the dream of a yellow Darwin comes true with this variety. Enormous golden yellow on strong tall stems. Each \$1.25	\$12.00		
ZULU , rich purple-black. Very distinct shape	.55	\$4.00	\$33.00
ZWANENBURG , this is the new pure white Darwin. Large, tall and pure white	2.35	16.20	135.00

(Varieties marked (*) are best for forcing)

RYNVELD'S "ALTOGETHER" MIXTURE OF DARWINS

This mixture is made up of a wide range of colors representative of the whole group and of varieties that are of uniform height. We have arranged for a large supply and can make prompt shipment of any quantity throughout the season.

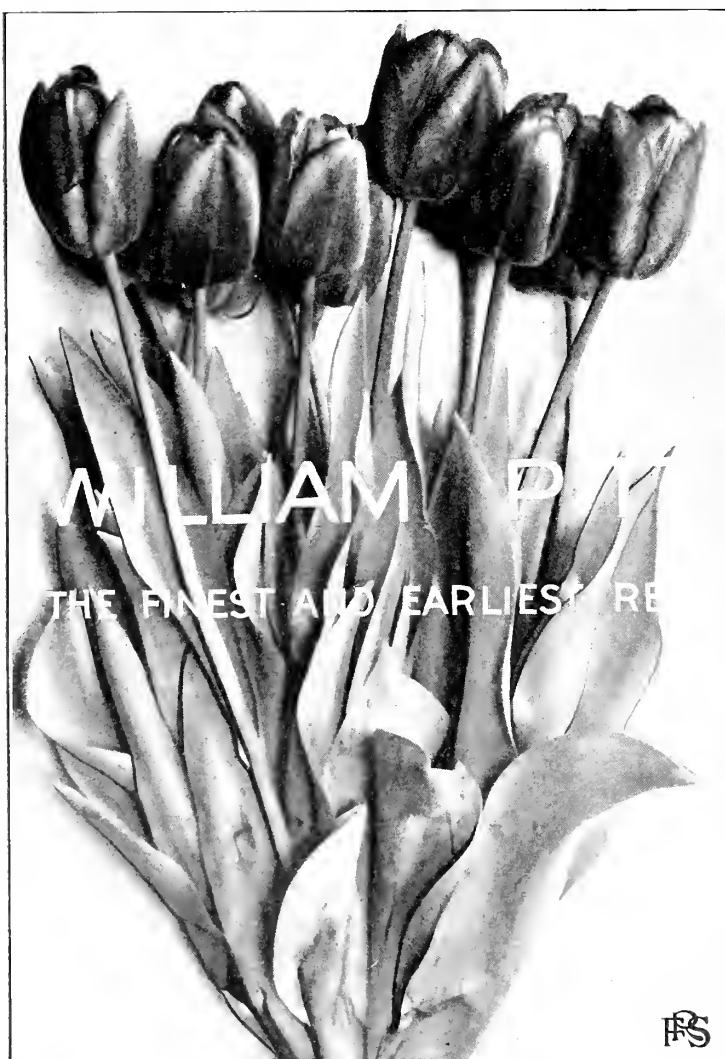

Per doz., 40c; per 100, \$2.65 per 1,000, \$22.00; per 10,000, \$210.00.

Ask for prices on larger quantities.

The New Mendel Tulips

A fine early flowering class, developed from Darwins, crossed with the Early Duc Van Thol Tulips. They might be termed "Darwin Dwarfs" averaging about 20 inches high, with the appearance of Darwins and the early flowering qualities of the Van Thol. They bloom three weeks before Darwins and this advantage is a big one. Just as soon as available quantities warrant reasonable prices they will be used extensively and in the meantime you may want to try out a few.

	Each	Doz.	100
Alsace , rosy carmine with white center		\$2.00	\$12.00
April Queen , soft lilac rose		7.00	45.00
Early Beauty , bright pink	\$1.00	10.00	75.00
Favorite , bright rose	1.00	10.00	75.00

Zenober , cochenille red		11.00	80.00
Zeppelin , deep red, medium size flower		3.00	20.00

F. Rynveld and Sons, 350 Greenwich Street, New York

May-flowering or Cottage Tulips

THESE Tulips are generally slightly later than the Darwins. They have a gracefulness not developed in other types and this feature combined with their long stems and wide range of colors, makes them much appreciated for both garden and cut flower purposes.

We have included under this heading some of the new Lily Flowering Tulips.

COTTAGE TULIP "THE FAWN"

	Doz.	100	1000
Adonis (lily flowering), soft rosy-red. Tall stem	\$.60	\$4.20	\$35.00

SIREN (lily flowering), glistening satiny rose	.60	4.20	35.00
THE FAWN, pale rosy-fawn. A most delicate and pleasing color	.45	3.25	27.00
Union Jack, light violet and rose with white spots	.75	5.40	45.00
SUPERFINE MIXTURE of Cottage Tulips	.40	2.65	22.00

"World's Foremost Bulb Growers"

Exquisite Breeder Tulips

Breeder Tulips are recognized as the aristocrats of the Tulip family. Their odd artistic colors and shadings are not found in the other Tulip groups.

They bloom at about the same time as the Darwins and they resemble this class in growth and shape of flowers.

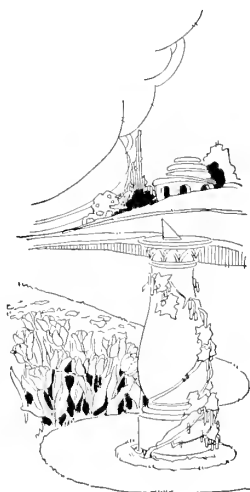

The use of Breeder Tulips has steadily increased, and this year, with the much lower prices that prevail on many of the most beautiful kinds, we expect an unusual demand and have prepared our stocks accordingly.

	Doz.	100	1000
Ab-del-Kader , dark copper bronze with lighter border. Very beautiful	\$.90	\$6.25	\$52.00
Alcida , a pleasing combination of yellow and brown shades55	3.90	32.00

Vulcain , reddish-apricot with broad, buff-yellow margin. Very distinct and different.....	.95	6.50	54.00
Wilberforce , canary-yellow with flush of rose.....	.75	5.40	45.00
YELLOW PERFECTION , light bronze-yellow.....	.60	4.20	35.00
SUPERFINE MIXED40	2.90	24.00

LOUIS XIV, rich purple with shade of steel blue, flushed bronze. A noble tulip of large size. Extra fine.

Doz., 75c; 100, \$5.40; 1000, \$45.00.

F. Rynveld and Sons, 350 Greenwich Street, New York

PARROT TULIPS

The illustration on this page conveys a good idea of these odd Tulips. They open fully in the sun and attain a large size and make a splendid showing. A new interest has been added to this group by the introduction of the beautiful new variety "Fantasy."

	Doz.	100	1000
Admiral de Constantinople, red, shaded orange.....	\$.45	\$3.10	\$26.00
Cramoie Brilliant, fiery crimson. Very large and one of the finest.....	.45	3.10	26.00

FANTASY

Every once in a while nature issues a challenge to the Tulips that man has created and sets up on its own account something more beautiful than has been developed. Such a tulip is "Fantasy"—a sport of "Clara Butt."

Each, \$1.00; per doz., \$11.00; per 100, \$80.00.

	Doz.	100	1000
Lutea Major, bright yellow, with crimson and green stripes.....	\$.45	\$3.10	\$26.00
Markgraaf van Baden, brownish-red, with orange and purple feather markings.....	.45	3.10	26.00
Perfecta, bright yellow, striped scarlet and green.....	.45	3.10	26.00
SUPERFINE MIXED40	2.75	23.00

Botanical or Species Tulips

CLUSIANA, violet pink with white margin. Inner petals pure white. Small, graceful, pointed flower.

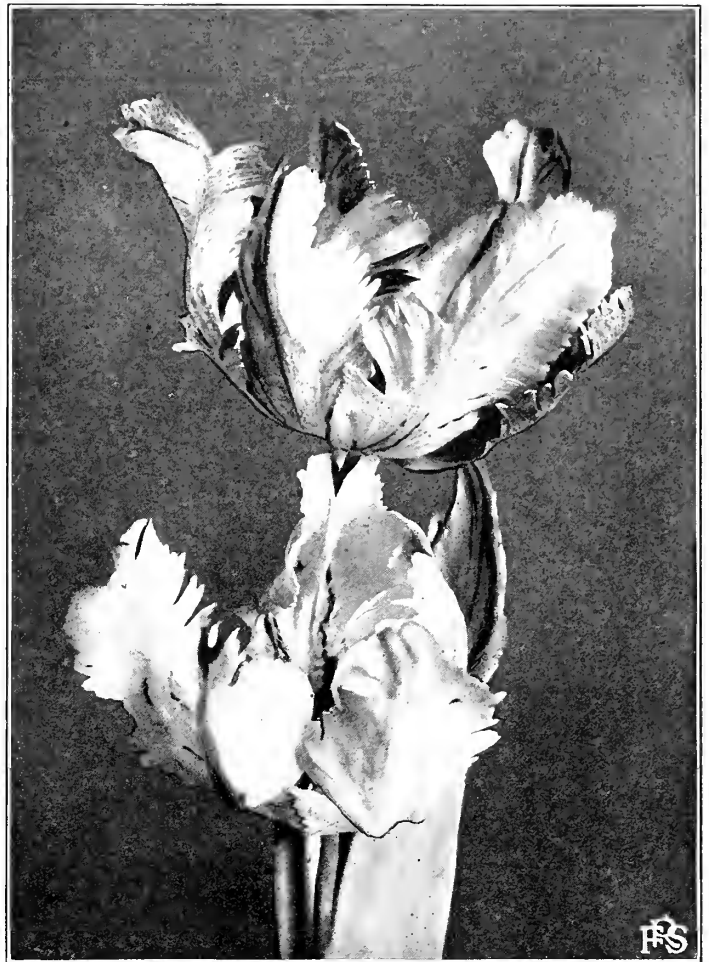

Each year at the New York Flower Show this dainty little tulip is seen in greater profusion and makes many new friends. It seems to force without trouble and as an edging for outdoor plantings of the larger types of tulips it is unsurpassed. To know it is to like it.

It is grown in France so does well outdoors in our extreme southern states where other types will not prosper.

Per Doz., 55c; per 100, \$3.95; per 1000, \$32.50.

TULIPA CLUSIANA

PARROT TULIPS

While the newest, largest or most brilliant of our newer Tulips make an appeal to most Tulip lovers there are others who seek the unusual and the dainty and so a recent renewed demand is developing for the Botanical or original Species and retail houses are listing them and advocating their use for rock gardens and other locations.

We list below most of the favorites.

	Doz.	100	1000
EICHLERI , a grand tulip from Turkestan; crimson-scarlet flowers, black center.....	\$1.15	\$8.00	\$66.00
FLORENTINA ODORATA (Sylvestris), pale yellow, dwarf, sweet scented.....	.95	6.60	55.00
GREIGII , brilliant orange scarlet to golden yellow; black center.....	1.95	13.20	110.00
KAUFMANNIANA , large, broad reflexing petals, creamy white with carmine reverse.....	2.35	16.20	135.00
MARJOLETTI , pale yellow, with scarlet on the outer petals.....	.75	5.40	45.00

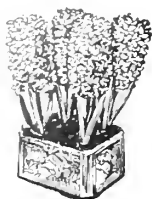

Triumph Tulips

A new race produced by crossing the Darwins with certain early single varieties. The petals are somewhat pointed and slightly reflexed, adding a very graceful appearance to flowers of brilliant and delicate hues covering a wide range of colors.

Algiba, beautiful light blue.....	
Canada, rosy pink.....	
Dakota, bright cherry cerise.....	
Florida, bright red, enormous flower.....	
Lord Carnarvan, delicate rose.....	
Mississippi, brilliant scarlet.....	
Mr. Zimmerman, bright pink with white base enormous flower.....	
Ohio, rose pink, medium size flower.....	
Pollux, magenta purple.....	
Telescopium, deep lilac rose.....	
Tucana, bright orange.....	
Ursa Minor, pure golden yellow.....

"World's Foremost Bulb Growers"

Dutch Hyacinths

A LARGE part of our acreage in Holland is devoted to Hyacinths and our fields are known as among the very finest that exist there. These bulbs demand expert knowledge and painstaking care and unless grown under the careful supervision of experts the chances of making a good crop are very slim.

Hyacinths are subject to many troubles and it is taking the combined efforts of the best brains of the bulbmen over there to keep the stocks healthy. But conditions are improving and in a few years we hope to see the troubles remedied and normal supplies being produced.

In the meantime the supply is short and prices high but you can be assured that the bulbs we are growing are as good as are available and a whole lot better than the average.

Hyacinths vary in price according to the size of the bulbs and, of course, the larger bulbs produce bigger and finer spikes, with more individual florets. There is no difference in the flowering time of the sizes.

HYACINTHS

(after three days under glass)

When forcing Hyacinths, or most other bulbous stocks, it is of great importance to see that the bulbs are well rooted and show evidence of top growth before bringing into heat. The photograph above shows a well established pot and we suggest growth at this stage before forcing.

WHITE AND BLUSH

Albertine, early pure white.

Arentine Arendsen, snow white, early forcer, large bells.

Grandeur a Merveille, rosy white.

Hein Roozen, early pure white, tall and graceful.

L'Innocence, pure white, excellent forcer, most popular.

La Grandesse, pure white, for early forcing.

Mme. van der Hoop, white, slightly flushed blush.

Queen of the Whites, new extra fine pure white forcer.

BLUE AND PURPLE

Bismarck, extra large and early, deep porcelain blue.

Doctor Lieber, dark porcelain blue. Extra.

Enchantress, delicate blue, large spike.

Grand Lilas, large porcelain lilac.

Grand Maitre, best deep porcelain blue, large truss.

Johan, silvery light blue.

King of the Blues, best dark blue, late.

Lord Balfour, purplish violet, large truss.

Perle Brilliant, light blue.

Queen of the Blues, clear light blue, one of the best.

Schotel, pale porcelain blue, very large.

PINK, ROSE AND RED

Gertrude, rosy pink, florists' favorite.

Gigantea, soft rose, large truss.

King of the Belgians (Roi des Belges), glossy deep red.

Lady Derby, charming delicate rose, very early.

La Victoire, brilliant rosy crimson. Extra.

Marconi, bright red, shaded white, extra for forcing.

Moreno, splendid pink, large full spike.

Queen of the Pinks, splendid rose pink, very large, extra.

Robert Steiger, scarlet.

Victor Emmanuel, large crimson rose, very early.

YELLOW

City of Haarlem, golden yellow.

King of the Yellows, late deep yellow.

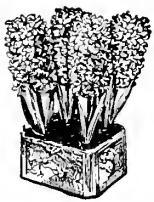

Yellow Hammer, early golden yellow.

Varieties underscored are leading kinds.

French Roman Hyacinths are Again Available in the Larger Sizes

Our Prices on Hyacinths of All Sizes

A fine bowl of Hyacinths grown in our Bulb Fibre, from 2nd size 17-18 ctm. bulbs.

Hyacinths Should be Profitable This Year

Hyacinths are plentiful this year and lower in price than they have been for several seasons. This should be an inducement to growers to increase their quantities on the forcing sizes.

EXHIBITION SIZE—MEASURING 19 CTM. AND OVER

This is the top size and the pick of the crop. Where extra large spikes are desired this is the size to use. We can supply this size in any of the varieties shown on the opposite page.

Per doz., \$2.25; per 100, \$15.60; per 1000, \$130.00

FIRST SIZE BULBS—MEASURING 18-19 CTM.

We can also offer this size in any of the varieties. They produce large trusses and are used extensively in single pots or pans where large flowers are desired.

Per doz., \$2.10; per 100, \$14.40; per 1000, \$120.00

SECOND SIZE BULBS—MEASURING 17-18 CTM.

This size produces slightly smaller spikes than the two larger sizes. They still make a very fine showing and are one of the most popular for Florist use and for bedding. This size can be supplied in any of the varieties we name.

Per doz., \$1.95; per 100, \$13.20; per 1000, \$110.00

FORCING SIZE—MEASURING 16-17 CTM.

This size is used extensively when a good showing is desired with bulbs of a smaller cost. The bulbs are available in any of the popular kinds only.

Per doz., \$1.65; per 100, \$11.40; per 1000, \$95.00

BEDDING SIZE—MEASURING 15-16 CTM.

This is the most popular size for outdoor planting. It rarely makes a spike of sufficient size for single pots but can well be used in pans. We have liberal quantities in all the most popular kinds in each color.

Per doz., \$1.15; per 100, \$8.20; per 1000, \$68.00

MINIATURE SIZE—MEASURING 12-15 CTM.

These bulbs are used exclusively for forcing and are not recommended for outside planting. We have selected the following named kinds which make the best showing in this size. La Grandesse, L'Innocence, Gertrude, Gigantea, Roi des Belges, Lady Derby, La Victoire, Grand Maitre, Queen of the Blues, King of the Blues, Yellow Hammer.

Per doz., 85c; per 100, \$5.75; per 1000, \$48.00

FRENCH ROMAN HYACINTHS

Now that the supply is increasing these bulbs are again assuming their old popularity. There is no bulbous item that can be forced for Xmas and mid-winter use that is as graceful as the Roman Hyacinth. They make splendid pans and are very useful for basket and make-up work. They can also be easily and successfully grown in the home in bowls of fibre.

White

"World's Foremost Bulb Growers"

Our Own Permanent Resident Buyer in California!

Realizing the importance of the Pacific Coast regions in bulb production we have established an agency there and our own buyer, operating from our office at 925 Howard Street, San Francisco, has been busily engaged during the flowering period inspecting the fields and making contract purchases. He will be on the job during delivery time—carefully checking and inspecting each lot—and in this way we will eliminate the peculiar differences that have existed in the stocks produced out there and delivered in the past.

We will thus be assured of a consistent supply of the best bulbs that are produced in the section and in addition will have quick and reliable information on the state of the different crops and markets.

By allowing us to serve you on your Californian bulb requirements you share in these big advantages.

THE FINEST *in* FREESIAS

Unless the crops look good in the fields the bulbs will not perform satisfactorily when forced.—**COMPARE OUR PRICES!**

DIELYTRA SPECTABILIS

(BLEEDING HEART)

We have been advocating the more extensive use of this beautiful decorative plant for several years and those of our customers who have availed themselves of our suggestion have profited. It is used extensively as an early spring pot plant and is a fine specialty for St. Valentine's day. The cut sprays are also useful. It is perfectly hardy and makes a splendid showing in the perennial border or when planted with early bulb stocks.

We are the largest growers of this very useful plant and offer large clumps suitable for forcing or outside planting.

Doz., \$5.00; 100, \$35.00; 1000, \$325.00

Tritonia Crocata

This is an old and perhaps somewhat neglected bulb that has recently received much attention as one of the most strikingly brilliant and interesting of Winter and Spring forcing bulbs. It has the character of the Freesia but the flower spike is more like a Montbretia, the stems being thin, long, wiry and upright. The flowers are bright orange scarlet and make a most attractive pot or pan plant, while the stiff stem and flower spike make it a valuable cut flower also. Requires the same treatment under glass as Freesias.

We have been growing quite a quantity of these for the past few years, and have a fine stock to offer of large, plump, forcing bulbs.

Price per 100, \$4.50; per 1000, \$40.00

TRITOMA RUFA

This dainty little Tritoma can be forced readily and makes a useful pot plant or a delicate and rare cut flower. We offer strong clumps suitable for immediate forcing.

Per doz., \$3.65; per 100, \$25.00

TRITONIA CROCATATA

DIELYTRA SPECTABILIS

F. Rynveld and Sons, 350 Greenwich Street, New York

ANEMONES—St. Brigid and De Caen

Anemones are among our prize bulbous flowers and those who have been successful in forcing them have been amply repaid. The flowers are invariably sold quickly at good prices. They provide color effects that are unsurpassable with other subjects. The bulbs bloom over a long period and with successive plantings a good cut can be maintained over the whole season.

Our Anemones have been giving splendid results for many years and we have an extra fine lot to offer for this year.

CULTURAL DIRECTIONS

Anemones and Ranunculus like cool moisture and leafy loam, and above all, good drainage to prevent stagnation which rots the bulbs. The best potting or benching mixture is made with equal parts of rich well-manured loam, leaf mold, and clean fresh sand. Deep pans are better than pots, but whether grown this way or in benches avoid all chance of sour accumulation of moisture by providing good drainage. The first bulbs should be put in in October and later batches for late Spring bloom. Give a cool shady position at first until roots are formed, then place near the glass with never more than 55 to 60 degrees temperature.

DE CAEN. The single petalled form. All the colors are represented in this type.

RANUNCULUS

RANUNCULUS

We have started many greenhouse men in the growing of Ranunculus and they are making money on them. The Domestic bulbs are larger than those formerly imported and seem to force better. If your trade can use "something different" we suggest that you try them.

The giant French Ranunculus resemble in form a miniature pompon Dahlia but are as brilliant and varied in coloring as the Poppies and Anemones. In forcing them, give the same treatment as Anemones, but they do not mature quite as early.

Rosalie, soft pink	} Per doz.....\$.75 Per 100..... 5.40 Per 1000..... 45.00
Romano, best scarlet	
Primrose Beauty, pale primrose	
Hercules, pure white	
Orange Brilliant, deep orange	

GIANT FRENCH MIXED. The Californian grown bulbs are giving splendid results, and we have several letters from customers telling us of the fine flowers produced. Beautiful rosette flowers in a wide range of colors. Force well. The bulbs are cheaper this year.

Mammoth Bulbs	3.60	30.00

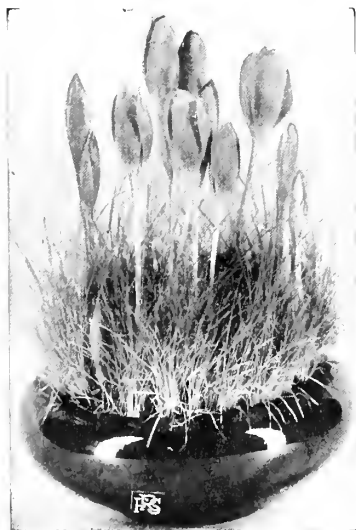

"World's Foremost Bulb Growers"

GIANT CROCUS

COLCHICUM AUTUMNALE MAJOR. We know that the trade will welcome our offer of these bulbs, the first since the embargo. We have only a limited supply this year, but the quantity will be larger very shortly. These unique bulbs bloom in early Fall and the foliage follows in the Spring. They flower readily in the home without planting. The color is rosy lavender. Ready in August. Per doz., \$3.00; per 100, \$20.00; per 1,000, \$175.00.

CROCUS ZONATUS
flowering in a bowl of bulb fibre
with grass seed

CROCUS ZONATUS. This is an early-flowering, forcing species of delicate refinement and surpassing beauty. Its earliness and easy growth have much to do with its popularity. Thrives and blooms profusely in a few weeks after starting in pans, bowls or saucers of fiber. An ornament of rare beauty and really a novelty for quick sales when displayed on counter or window. Flowers are pale rosy lilac with orange center. Bulbs ready in August.

Price per 100, \$3.10; per 1000, \$26.00.

CROCUS SPECIOSUS. This species is similar in character to the C. Zonatus, the flowers being an attractive shade of rich deep blue, with orange anthers. Bulbs ready in August.

Price per 100, \$3.10; per 1,000, \$26.00.

CROCUS (Choice Bulbs)

Crocus bulbs have felt severely the damage due to the very cold weather in Holland this past year and the supply of these bulbs is extremely short and even at the higher prices, we doubt very much if there will be anything like enough bulbs to go around. As long as our supply lasts, we offer at the following figures.

ERANTHIS HYEMALIS (Winter Aconite)

Very hardy. Bright yellow flowers that bloom very early. Do best in partial shade..... \$0.30 \$2.15 \$18.00

GALANTHUS (Snowdrops)

ASK FOR THESE FREE DISPLAY CARDS

For florists who cater to counter trade in Fall bulbs, we offer free with every order attractive lithographed display cards, showing many varieties of Hyacinths, Tulips, Daffodils, Narcissus, Crocus, Lilies, Peonies, etc., in their natural colors.

We have also window banners and streamers.

Ask for these if you want them. They will be a great help selling bulbs over the counter.

FRITILLARIA MELEAGRIS

EUCHARIS AMAZONICA

The well known white Eucharis Lily. Recommended exclusively for indoors and requires to be well established in pans or pots for free production of flowers. Bears from 2 to 3 white narcissus-like flowers on a stem..... \$0.60 \$5.80 \$40.00

FRITILLARIA MELEAGRIS

Drooping, bell-shaped flowers of odd colors..... \$0.55 \$3.90 \$32.00

MUSCARIA

ORNITHOGALUM

	Doz.	100	1000
ARABICUM . Makes a large umbel of small white flowers with black base produced on a tall spike. Hardy and very prolific in the extreme south but must be protected or forced in the north.	\$1.00	\$ 7.15	\$60.00
UMBELLATUM (Star of Bethlehem). This is the small white hardy variety that is seen in great profusion around many of the old gardens. It propagates readily and adapts itself splendidly to naturalizing. It does well over a wide temperature range and blooms profusely each season with little or no care.	.60	4.20	35.00
THYRSOIDES . This is the famous Chinchierinchee the wonder flower from South Africa. Flowers of this bulb, arriving from South Africa after a six weeks trip, have attracted considerable attention at the eastern markets due to its extreme longevity. We believe that we are making the first public offering of these bulbs in this country. The flowers are pyramidal shape with the buds of straw color changing to pure white. It is not hardy in the north; but should make an excellent forcing subject in the early spring and is very fine for outdoor planting in the south.	1.75	12.00	100.00

BULBOUS IRIS

Everyone knows the value of these beautiful bulbous Iris and their use has only been restricted by the small amount of dependable bulbs that were available.

We have experimented in many localities and can find no better bulbs than those produced at our Long Island Farms and we only wish that we had larger quantities. As yet the supply is limited but we hope you will try them and thus be acquainted with the fine quality.

SPANISH IRIS

	100	1000
KING OF THE BLUES . Fine blue.	\$4.20	\$35.00
CAJANUS . Tall yellow.	4.20	35.00
QUEEN WILHELMINA . White.	4.20	35.00

DUTCH IRIS

Much heavier than the Spanish and most of the varieties are earlier.

	100	1000
Albert Cuyp , white with yellow blotch. Tall.	\$5.40	\$45.00
Anton Mauve , soft lilac blue.	5.40	45.00
Hart Nibbrig , bright clear blue.	5.40	45.00
Hobbema , pure white with yellow falls shaded light blue.	5.40	45.00
Huchtenburg , large yellow and orange with blue tints.	5.40	45.00
Rembrandt , early deep blue with orange dots.	5.40	45.00
Van Everdingen , canary white with sulphur yellow falls. Extra fine.	6.00	50.00

IRIS TINGITANA

While this Iris is an uncertain producer with some growers, we have many others who tell us that they are getting splendid results, and we believe that it is all a matter of handling. It is a good money maker for those who can grow it. We offer the finest California bulbs.

Per 100, \$7.50; per 1,000, \$65.00

IRIS FILIFOLIA "IMPERATOR"

For years this great forcing Iris has been creating much favorable comment at leading Spring Flower Shows, and growers are unanimous in their opinion of its great value as a forcing cut flower. It is somewhat similar in character to the old Spanish type, but larger and earlier. The color is clear brilliant blue.

	100	1000
American-grown bulbs are proving very satisfactory and excellent blooming percentages are reported by growers. The bulbs are larger than those formerly imported.	\$6.00	\$50.00

SPANISH IRIS

	.30	2.15	18.00

ZEPHYRANTHES

ZEPHYRANTHES CANDIDA

This is the fall flowering white variety which is very attractive for the late summer garden. It is specially adapted for growing in bowls with fibre, and with very little attention is readily flowered in a short time, making it an excellent store item.

Per 100, \$3.00; per 1,000, \$25.00

WATSONIAS

With the development of stock of newer varieties in a greater assortment of colors, these beautiful and rare flowers are coming into the prominence they deserve. They should be forced like Gladiolus.

Selection of named varieties in various shades of pink, rose, salmon and orange, per 100, \$8.50; per 1000, \$75.00.

White, per 100, \$4.75; per 1000, \$40.00.

"World's Foremost Bulb Growers"

SPIRAEAS

(ASTILBE)

WE ARE maintaining our position as the foremost growers and suppliers of spiraeas and are yearly shipping to most of the prominent Easter pot plant growers of the country. Spiraeas, especially the pink varieties, are gaining in popularity each year and the Easter season sees them well represented in flower stores all over the country. We suggest that you try some of the newer kinds we are offering.

As this catalog goes to press we are experiencing a severe drought on our Spiraea lands and unless we get quick relief, the crop will be shorter this year and we advise early orders.

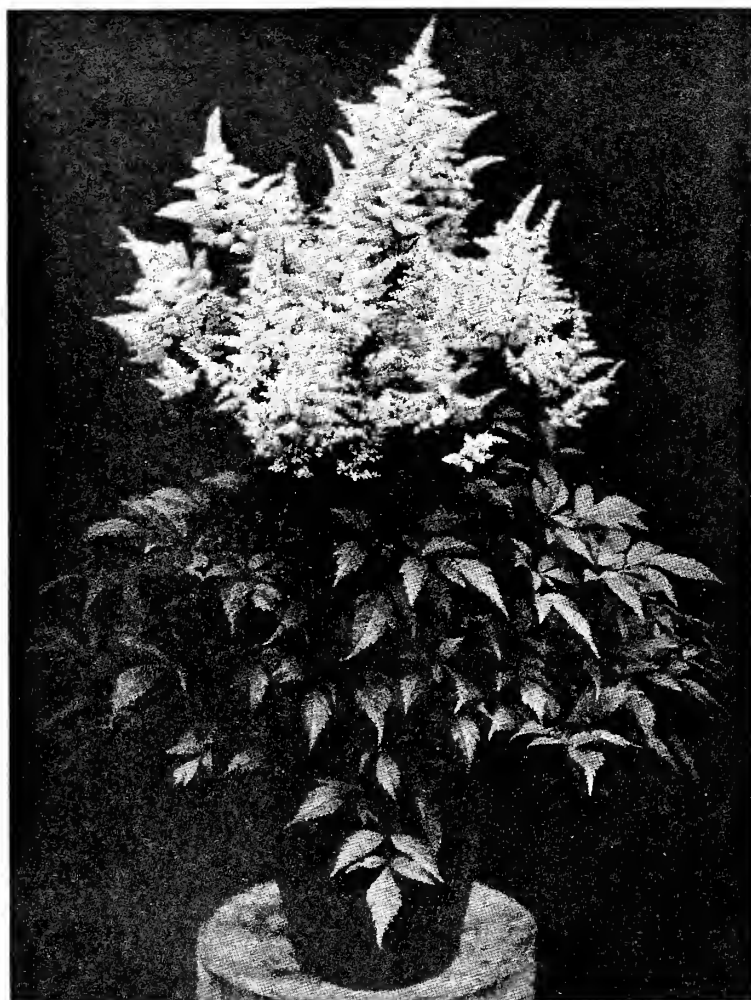

We show behind each description the number of weeks required to flower the different varieties.

Large Forcing Clumps
Doz. 100 1000

America , lilac-rose, being a beautiful orchid color, with large, feathery flower spikes and beautiful foliage. This variety is one of the very finest. Holds its color well. Medium height. 13 weeks.	\$5.00	\$35.00	\$325.00
Casandra , our introduction. Dense, very double flowers of rosy-red and the deepest color yet developed. Graceful foliage. (15 weeks)	8.50	60.00
Gladstone . Well known and best white variety. Flower spikes are cream-white, large, full and feathery. Foliage is compact and deep-green. Earlier than the pink kinds. We have a fine stock. (10 weeks)	5.00	35.00	325.00
Mont Blanc , clear milk-white flowers, deep-green foliage of dwarf habit. Very free flowering. (14 weeks)	5.00	35.00	325.00
Peach Blossom , true peach-blossom color with red stamens. Full light-green foliage. Holds color well. Very fine. (13 weeks)	5.00	35.00	325.00
Philadelphia , deep lavender-rose. Tall and sturdy grower with abundance of graceful foliage. Heads are full and feathery and the whole plant is large. (14 weeks)	5.00	35.00	325.00
Princess Mary , deepest rose-pink in commerce today. Flowers have slight lilac cast. Vigorous grower and in every respect a beautiful variety. Medium height. (14 weeks)	5.50	40.00	350.00
Queen Alexandra , the best known pink. Clear light-pink flowers on medium-size trusses with sufficient foliage to make a well-balanced plant. Medium height. (12 weeks)	5.00	35.00	325.00
Queen Alexandra Improved , soft light-pink. Large individual recurved flowers borne on heavy plumes. Tall and midseason. Foliage is abundant and of spreading habit with red stems and veins. (12 weeks)	5.50	40.00	350.00
Rheinland , this variety is proving one of the very best of the newer deep pinks. It forces readily in 12 weeks, makes a nice shapely plant and holds its color well.	6.00	45.00	400.00
Rubens , attractive deep-rose with red flower stems. Flat-growing foliage of glossy dark-green. Medium height. (13 weeks)	5.50	40.00	350.00

All prices f. o. b. growing station, Central Park, L. I., N. Y.

FLORISTS AND FLORAL DECORATORS

1212 F STREET NORTHWEST
WASHINGTON, D. C.

June 13, 1927

F. Rynveld & Sons
350 Greenwich St.
New York, N. Y.

Gentlemen:

We wish to state that the Spireas received from you last season turned out to be the finest we have ever grown. You may duplicate our order for this year, and if they are as good as last, we have nothing better to wish for.

very truly yours,

GUDE BROTHERS COMPANY

BY *Wm. E. Gude*

F. Rynveld and Sons, 350 Greenwich Street, New York

Florist's Forcing EASTER LILIES

Successful Easter Lily growing depends to a great extent upon the selection of the variety best adapted to the conditions under which they are to be grown. We suggest Harrisii for those who cannot devote an entire house to Easter Lilies and Erabu for those desirous of filling in a gap in the early Spring months prior to the flowering season of the new crop Giganteum.

For those who want a succession of flowers over a long period, Giganteum is the only variety to use.

LILIUM HARRISII

We are handling the "Fairy Isle" brand from the oldest and best known grower. Cheaper bulbs may be available but better ones are not. **Ready for shipment in August.**

Famous "Fairy Isle" Brand

		Per 100	Any Size Per Case
6/7 in., packed 335 to case		\$ 9.50	\$25.00
7/9 in., packed 200 to case		15.50	25.00
8/10 in., packed 150 to case		21.00	25.00
9/11 in., packed 100 to case		25.00	25.00

JAPANESE LILIES

We are among the largest direct importers of Japanese Lilies and our quantity purchases enable us to make favorable contracts with responsible packers. All the cases are standard packing. Reshipments to customers will be made as soon as the different varieties are received by us unless later shipping dates are mentioned. All prices are f.o.b. New York, and the bulbs are usually ready in September.

There is every indication that a shortage exists in all Japanese Lilies and the prices we name herewith can only be maintained if contract deliveries are made to us. We advise early ordering on all these Lilies.

ERABU

Guaranteed Genuine Erabu-Grown

	Per 100	Per Case
6/8 in., 400 bulbs to case	\$ 6.25	\$20.00
7/9 in., 300 bulbs to case	9.25	22.00
8/10 in., 225 bulbs to case	12.25	22.00
9/10 in., 200 bulbs to case	15.00	24.00

Note: \$2.00 per case lower on five cases or more of any sizes.

LILIUM FLORIDI

Having been keen observers for several years of attempts made in this country to produce a commercial supply of White Easter Lilies, we are gratified in being able to report that some very fine blocks are now being produced in Florida. No one seems to know the origination of the native stock that has been in the state for many years, and from which practically all of the large plantings have come; but for means of identification we are naming it as above.

This Lily, which is absolutely free from disease, is a moderate grower with respect to height and a very prolific flowerer from even very small bulbs. The largest size that is available in any quantity measures about six inches and it looks as though this is the maximum size for a commercial yield.

We are offering these bulbs packed in cases of 100 at \$12.50 per case and we are very anxious to have as large a distribution as possible so that the trade can be familiar with the product.

Pending more definite reports on its forcing quality, we suggest that it be handled the same as Lilium Harrisii.

Case of 100 bulbs (no smaller quantity sold) **\$12.50.**

A HOUSE OF GIGANTEUM

LILIUM HARRISII

GIGANTEUM

There is a vast difference between Giganteum bulbs as produced in the various sections of Japan and we have for years been making a careful observation of the different stocks. For the past few years the bulbs we have delivered have produced far better than any other stocks that we have seen or that have been reported to us. This year we will have our supply from the same dependable producer.

The exact extent of the crop is not known as this catalog goes to press and our prices are based on present cable information and are subject to revision (either up or down) as firm quotations are established.

There is every indication that the larger sizes are scarce and we are booking them only subject to actual delivery to us.

	Per 100	Per Case
6/8 in., packed 400 to case	\$ 7.00	\$23.00
7/9 in., packed 300 to case	10.50	25.50
8/9 in., packed 250 to case	13.50	27.00
8/10 in., packed 225 to case (subject to crop)	15.50	28.00
9/10 in., packed 200 to case (subject to crop)	22.00	35.00

Special prices quoted on large quantities

Bulbs are due to arrive in November and delivery can be made then, or at the customer's option retained in cold storage for their account for shipment as desired at a cost of 25c per case per month from December 1st.

Dear Sirs:

"Landsdowne, Pa.

We received three cases of lilies from you in December and were not planted till February 15, and were all in for May 30. I want to state that these were the finest lilies I have ever seen, every bulb producing a long stem with 4 to 6 blooms on each one.

I am giving your salesman an order for 25 more cases.

Yours truly, WM. A. LEONARD, JR."

LILIES continued on next page

"World's Foremost Bulb Growers"

Hardy Lilies

In possibly no class of bulbs is as much interest being shown as in the beautiful hardy lilies, and real efforts are being made in the various producing centers to develop stocks that have been available heretofore only in limited quantities. We are offering some of the most popular kinds and our large volume of trade enables us to make very reasonable prices. All Lilies (except Candidum) not ready until November.

LILIUM CANDIDUM

Madonna or Annunciation Lily

Lilium Candidum are again becoming more plentiful with prices more reasonable. It is possibly the most popular of our early Summer Lilies and we know that the trade will appreciate the opportunity of again buying good supplies at lower prices. The bulbs should be planted early for best results. We are the largest importers of this popular Hardy Lily. (Ready Aug. 15th.)

Lily of The Valley

Experienced "Lily of the Valley" forcers are far more interested in the quality of the stock they purchase than in the prices they pay. They have established to their satisfaction that a few dollars more in the purchase price comes back to them several times in their sales return when they get the proper quality.

Best Hamburg and Berlin Pips for Forcing

To retain and yearly add to our large Valley importations is conclusive evidence that we are supplying the kind of stock that makes money for our customers.

Newport Brand (Finest Quality)	Prices on cold storage pips for Fall and Xmas forcing		for forcing after Xmas
	Case of 250.....	\$10.00	Prices on the new
	Case of 500.....	18.00	crop not definitely
	Case of 1000.....	35.00	established. Please
	Case of 2500.....	85.00	ask us for quotations in October.

We operate our own packing warehouses and every pip that we send out is carefully inspected by our own men.

In addition to our **Newport Brand** we will have a limited quantity of **extra selected Lubeck Pips** and if you are interested in this special fancy grade we will be glad to submit samples and quote as soon as the new crop arrives about December 1st.

We carry at all times in cold storage in New York, Valley in cases as above specified, and can make freight or express shipments at any specified date.

LILY OF THE VALLEY

for outdoor planting

In addition to our importations of the finest forcing quality stock, we have again arranged for a supply of a special grade of Lily of the Valley for outdoor planting. We have built up a big business in this item and last season we were compelled to refuse many late orders. These are **large flowering pips** and excellent for the purpose intended.

Per 1,000, \$15.00; Per 10,000, \$145.00

LILY OF THE VALLEY—"NEWPORT" BRAND

Gladioli for Forcing

DWARF EARLY or "BABY GLADS"

These beautiful early-flowering varieties are invaluable for early planting in pots, flats or benches. They force readily and may be had in flower from March to May. Their rich colors and vivid markings make striking contrasts with other flowers, and last quite a long time in water, opening up to the terminal flower on the spike.

GLADIOLUS "THE BRIDE"

	100	1000
Ackermani , salmon rose with white flakes, one of the earliest and easiest to force	\$3.60	\$30.00
Blushing Bride , white, delicately splashed and flaked crimson.....	3.60	30.00
Brilliant , fiery orange scarlet with conspicuous snow-white blotches and light center	3.60	30.00
Peach Blossom , graceful spikes of delicate rosy-blush, blotched pale rose and cream; robust grower and free-bloomer.....	3.60	30.00
The Bride , (Colvillei), one of the most popular of forcing Glads; flowers are pure white and produced in great profusion.....	3.00	25.00

Gladiolus From Our Long Island Farm

A FEW NEW GOOD ONES FOR FORCING

Again this season our Long Island Bulbs, in the hands of prominent, experienced Gladiolus forcers (names on request) have demonstrated their forcing quality by flowering from two to three weeks ahead of bulbs produced in other sections. The flowering percentage—many bulbs threw more than two spikes—was also higher.

It will pay you to pay us a little more for this kind of stock.

All first size
bulbs 1½" & up
100 1000

All first size
bulbs 1½" & up
100 1000

VIRGINIA

FLAMING SWORD. The outstanding new European red. Flowers in single row formation with six and more open together. Color is soft red. This variety has great commercial promise on account of its extreme earliness.

\$3.35 \$28.00

LENA GRAETZ. This variety is now considered as the leading commercial white. It has all the qualities demanded of a first class Gladiolus, being a free bloomer, sturdy and healthy grower and producing well formed spikes of pure white with very slight throat markings. We have the largest stock in the country.

4.20 35.00

ORANGE QUEEN. Here is a real money maker. Fine orange color not found in other kinds easily forced and flowers profusely.

6.00 50.00

ROSE PRECOSE. Solid shell pink and a very pleasing color. A tall, sturdy grower like Schwaben. Good formation. This promises to be a leader among pink commercial kinds.

\$4.80 \$40.00

SOUVENIR. Again this season this remarkable Gladiolus has demonstrated its value, for it was in demand at good prices when other varieties were unsalable. Souvenir is a real golden yellow and extremely early, making it a combination that is unbeatable. We possibly have the largest stock in the country.

2.65 22.00

VIRGINIA. Gaining in popularity each year. Fine big red flowers carried on tall, stout spikes. Forces readily and is one of the earliest.

2.40 20.00

Standard Forcing Varieties

Per 100 Per 1000

Alice Tiplady (Primulinus). Large and beautiful orange saffron color	\$2.15	\$18.00

PEONIES

We are growing a nice block of Peonies on our Long Island farm and the plants look particularly well this season. No flowers are cut from this stock and thus the full strength of the plants is reflected in the roots we send out.

We list below the most important kinds of which we have good quantities but we are also growing many other kinds that will be quoted upon application.

Shipments—All varieties are offered in 3 to 5 eye divisions for September and later delivery.

	Per Doz.	Per 100
Adolphe Rousseau , semi-double, very large, velvety red, midseason, each \$1.00	\$10.00	\$75.00
Berlioz (Crousse 1886), bright currant red. Rose type. Late midseason	5.00	35.00
Duchesse de Nemours (Calot 1856), fine cup-shaped bloom, sulphur-white, green reflex	3.50	25.00
Edulis Superba , Florist's favorite light pink for Decoration Day	4.00	28.00
E. G. Hill (Lemoine, 1906), rich Tyrian rose with wide silvery rose border, midseason. Each \$1.50	15.00	
Elie Chevalier (Dessert 1898), uniform Tyrian rose, center flecked with scarlet, midseason. Each \$1.50	16.00	
Eucharis (Lemoine, 1909), globular, flesh-white, very large, late, each \$1.25	14.00	
Eugenie Verdier (Calot), pale Hydrangea pink, center deeper pink flecked crimson, fragrant free blooming, late	7.00	55.00
Evangeline (Lemoine 1910), lilac pink, midseason. Rose type. Each \$2.00	20.00	
Felix Crousse (Crousse), rich ruby red, strong grower, midseason	7.00	50.00
Festiva Maxima (Miellez), clear white flecked crimson on center petals, free flowering, early	3.50	25.00
Germaine Bigot (Dessert), pale lilac rose, center flecked crimson, very large flat flowers, mid-season	5.00	35.00
Gloire de Touraine (Dessert, 1908), brilliant red, shaded purple, one of the best late varieties	12.50	90.00
James Kelway (Kelway 1900), early semi-rose type. Vigorous tall grower with flowers of huge size. Pure white, overlaid delicate pink with yellow at base of petals	12.00	
Jeanne Gaudichau (Millet, 1903), white with very light pink reflex, center petals edged with carmine, late. Each \$1.75	18.00	
La France (Lemoine), soft apple blossom pink, outer guard petals splashed crimson, a splendid midseason variety. Each \$6.00	60.00	

	Per Doz.	Per 100
L'Eclatante (Calot), brilliant red, midseason.	\$ 7.00	\$50.00
Lord Kitchener (Renault, 1906), very brilliant cherry red, very early. Each \$1.25	12.50	
Mad. Calot (Miellez, 1856), very free blooming, pale pink, early	3.00	22.00
Mme. Emile Duprez (Riviere, 1911), soft carmine rose with slightly darker center. Each \$5.00	45.00	
Mme. Emile Lemoine (Lemoine), milk white, slightly tinged with light flesh pink, covered with minute lilac dots, strong grower mid-season	10.50	75.00

RED MIXED	4.25	30.00
WHITE MIXED	3.00	20.00
MIXED , all colors	2.75	18.00

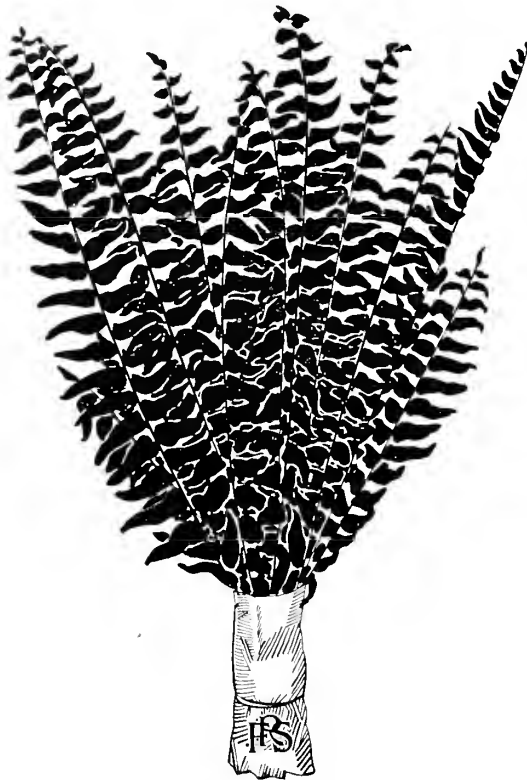

"World's Foremost Bulb Growers"

Rynveld's Florida-grown WRAPPED FERNS

WRAPPED BOSTON FERN

While not particularly adapted for reestablishing by florists, these wrapped ferns are a great counter attraction and sell quickly at their market prices. We are the largest individual producers and shippers, and annually distribute several millions over a widely scattered area east of the Mississippi.

Every fern that we offer has been transplanted at least once and this means a more compact set of fibrous roots, which in turn enables the ultimate buyer to readily establish it when potted up and placed in the home.

The roots of each fern are covered with damp Sphagnum moss and wrapped with heavy wax paper which retains the moisture and assures arrival in good condition, and further maintains the fresh appearance when displayed on the counters.

We ship in light, solid, corrugated paper-box containers, which considerably lessens the weight and reduces the transportation costs.

Approximate packed weights per 100 ferns: Bostons—28 lbs. Plumosus—22 lbs. Sprengeri—35 lbs. Leather Leaf—35 lbs.

BOSTON

This is the most popular variety. It establishes itself quickly and makes a fine house plant. We have a large stock of compact, well-grown plants.

ASPARAGUS PLUMOSUS

This ranks as the second best seller. In the early stage of growth it makes a compact plant and later the fronds lengthen and trail.

ASPARAGUS SPRENGERI

This is a sturdy variety that is largely used in late spring for hanging baskets. Its trailing nature makes it specially useful for this purpose.

LEATHER LEAF

So called on account of the tough texture of the fronds. Makes a beautiful plant and will maintain itself under favorable house conditions. We believe this is the first general offer of this fine variety at the low price.

PRICES

All Four Varieties are Offered at One Price in Units of Not Less Than 100 Ferns as Follows:

Regular First Size

Per 100	\$7.00
In lots of 300 or more, per 100	6.50

Extra Heavy Size (usually retails at 25c)

Per 100	\$8.50
In lots of 300 or more, per 100	8.00

Write for prices on large quantities.

These prices are f.o.b. our shipping station Rynveld's Fernery, Plymouth, Fla.

NOTE!

Clear and complete instructions are printed on each wrapper. It enables your customer to take proper care of the plant and tends for greater satisfaction and increased sales.

Our **BULB FIBRE** Packages Help the Sale of Bulbs and Bowls

ORNAMENTAL BULB BOWLS

An important demand has developed within recent years for bulb bowls and all storekeepers should avail themselves of the opportunity to engage in this profitable side line. Our own buyer has been abroad and made advantageous purchases, which, together with a good domestic line, we are able to offer at prices that should make them ready sellers. We are the largest suppliers of bulb bowls to the Florist trade.
